The Office of Inspector General Requests Your Input for the FY 2027 Audit Risk Assessment Survey

Your Input is Very Important!!

The Office of the Inspector General (OIG) is asking for your assistance on where to focus our efforts in the upcoming budget year. The OIG exists to help make government better, promote accountability, and prevent fraud, waste, and abuse. A significant part of accomplishing this mission involves conducting audits on organization and business processes.

A risk assessment attempts to identify and analyze relevant risks or challenges to the achievement of organizational objectives, safeguarding of assets, and compliance with budget and other laws and regulations. In planning our FY 2027 audits, we are currently conducting a risk assessment and would appreciate your input. Please take a few minutes to answer our **anonymous** survey. Your input will assist us in the risk assessment process (the survey is just one of the many aspects of our risk assessment). You can access the survey at the following link: <https://forms.gle/z4crUM6rJrTa7bWHA>. We plan to close the survey window on **August 6, 2026** at 5:00pm.

Thank you for your time and input; it is very important to our office.
